Friends Are Special

Friends are special when they sing together,
They can sing the whole day,
They can sing the night away,
They can sing together, they can sing.

Friends are special when they laugh together,
They can laugh the whole day,
They can laugh the night away,
They can laugh together, they can laugh.

Friends are special when they cry together,
They can cry the whole day,
They can cry the night away,
They can cry together, they can cry.

Friends are special when they dream together,
They can dream the whole day,
They can dream the night away,
They can dream together, they can dream.
