CCSS 2.MD.10 Draw a picture graph and a bar graph to represent data.....

# Graphs

~~6~~ Directions: Answer the questions.

The second grade class counted birds on their nature hike. They made a graph to show how many of each bird they saw. Use the bar graph to answer the questions.

1. How many cardinals did the students see?  
\_\_\_\_\_

2. How many blue jays did the students see?  
\_\_\_\_\_

3. Which bird did the students see the most of? \_\_\_\_\_

4. Which bird did the students see the least of? \_\_\_\_\_

5. How many more robins than blue jays did the students see? (show your work)
