

Name: _____

Butterfly Activity

Pasta Metamorphosis (Science & Art)

Goal: Model the four stages of the life cycle.

The Materials: A paper plate divided into four sections, glue, and different types of dry pasta:

- ◇ Small grain of rice = The Egg
- ◇ Rotini or Fusilli = The Caterpillar
- ◇ Shell pasta = The Chrysalis
- ◇ Bow-tie pasta = The Butterfly

The Task: Students glue the pasta into the correct sections of the plate and label each stage: Egg, Larva (Caterpillar), Pupa (Chrysalis), and Adult.
