

There's a Little Wheel

A-Turnin' in My Heart

There's a little wheel
A-turning in my heart
There's a little wheel
A-turning in my heart
In my heart, in my heart
There's a little wheel
A-turning in my heart

There's a little song
A-singing in my heart
There's a little song
A-singing in my heart
In my heart, in my heart
There's a little song
A-singing in my heart

There's a little frog
A-leaping in my heart
There's a little frog
A-leaping in my heart
In my heart, in my heart
There's a little frog
A-leaping in my heart

I see the sun
A-rising in my heart
I see the sun
A-rising in my heart
In my heart, in my heart
I see the sun
A-rising in my heart

We're dancing round the world
In my heart
We're dancing round the world
In my heart
In my heart, in my heart
We're dancing round the world
In my heart
